

Peplink Solution

Cellular Connectivity for Patrol Vehicles

Patrol Vehicle Connectivity Challenges

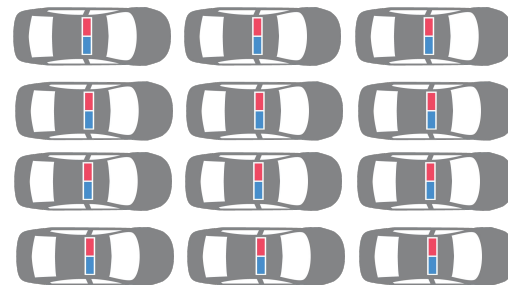

Limited Network Coverage

Gaps in network coverage results in unreliable connectivity.

Punishing Deployment Conditions

Cellular routers in patrol vehicles are subject to constant heat, cold, dust, and vibration.

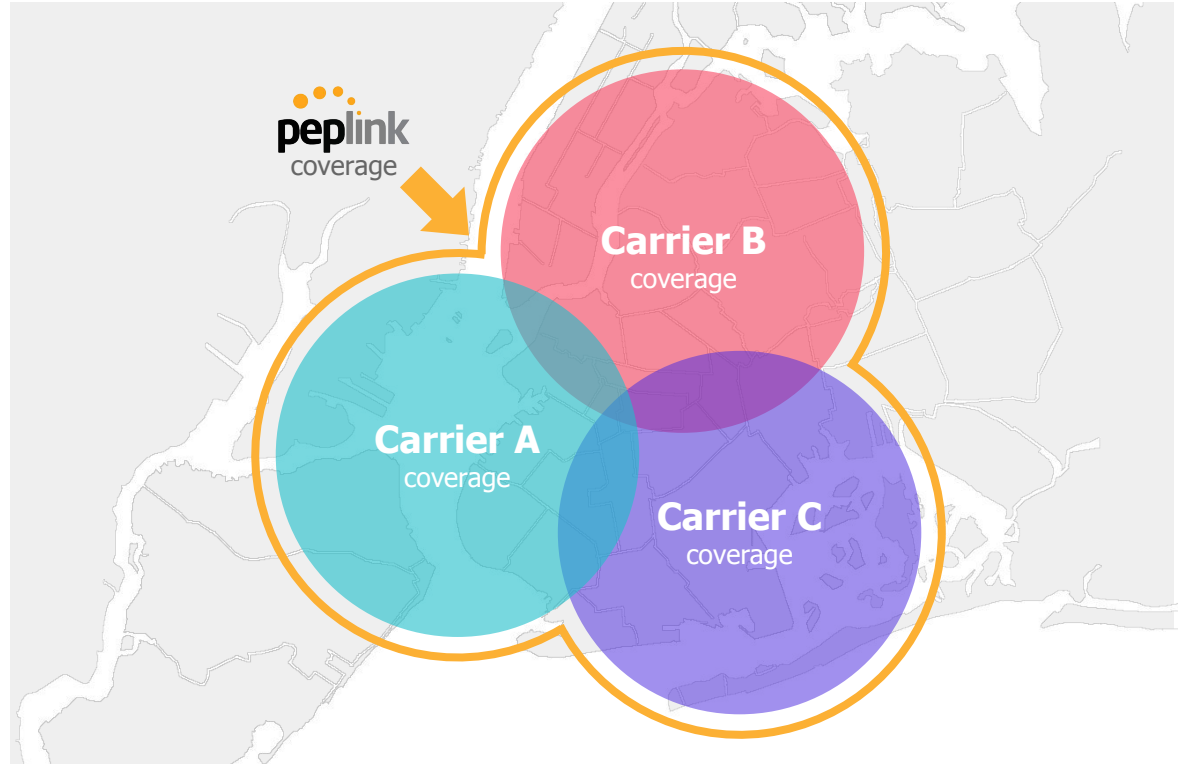

Difficult to Manage on a Large Scale

Managing configurations and tracking fleet locations becomes difficult for larger deployments.

Always Stay Connected to HQ

- Combine the coverage of multiple carriers into a single network.
- Seamlessly transition between different 2G, 3G, and 4G networks.
- Supports both USB modems and SIM cards.
- Support two carriers per cellular modem with redundant SIM slots.

Case Study - Harris County Sheriff's Office. USA.

Award Winning Mobile Command Unit Connectivity

- Deployed Balance 580 to 6 mobile assets and Balance 1350 to HQ
- Connectivity: Public Safety private LTE, commercial LTE, VSAT, microwave broadband
- **Winning Factors**
 - SpeedFusion aggregated bandwidth allows for high definition media streaming and other vital real-time information delivery
 - Always online - connection redundancy is now possible

"The Mobile Command Units have now found a more efficient way to get the job done!" -Sergeant Bryan Rudel, Harris County Sheriff's Office.

Proven Durability

Case Study - Stillwater Public Safety. USA.

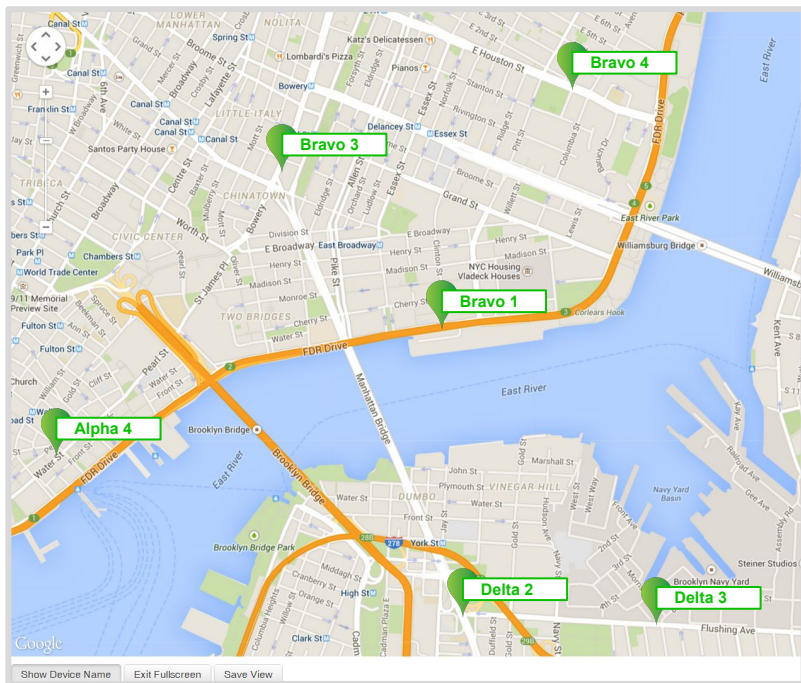

- 50x Stillwater patrol vehicles each with a MAX BR1
- Remote monitoring and management
- **Winning Factors**
 - Withstands the elements (incl heat) where others have failed
 - Central management of devices, GPS tracking and reporting

"Consumer-grade solutions just could not stand up to the Oklahoma heat." -Aaron Kelly, Public Safety, City of Stillwater.

Easy to Setup and Configure

Intuitive Central Management with InControl²

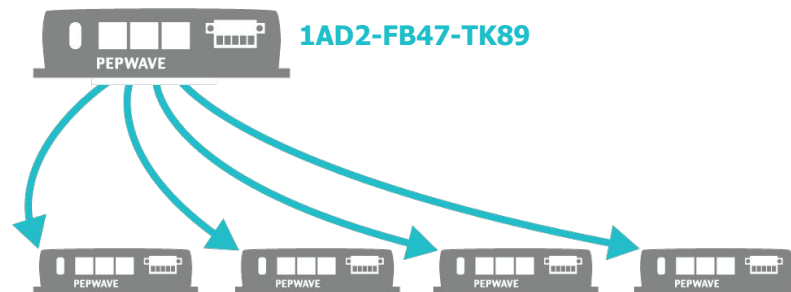

Track your entire fleet on GPS.

Save hardware profiles and flash them onto all Peplink units in the same group.

Affordable Connectivity for Patrol Vehicles

Achieving Unbreakable Cellular Connectivity

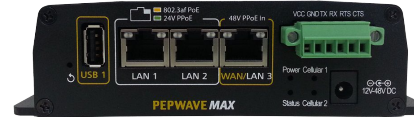

Peplink Products for Patrol Vehicles

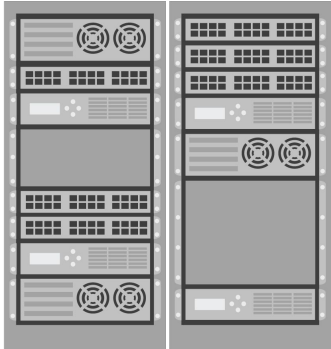

For Patrol Vehicles:

Single Cellular:
Pepwave MAX BR1 LTE

Dual Cellular VPN + PoE:
Pepwave MAX HD2 mini

For Headquarters:

Cloud-Based: FusionHub 4000

Physical Server: Balance 2500
